WHO WE ARE ?

Businesses are mainly categorized on the basis of their scale of operations, organizational structure or market segment but for us every business is the same.

We understand that managing even more than a handful of employees can be taxing as there are a lot of other things to manage apart from manpower. This mainly includes pricing, product planning, accounting and finance, managing payroll, dealing with inventory, and much more. On the top of that, you need to have a strong presence on the World Wide Web too. We are here to take all your business worries away. Our smart software solutions and digital marketing expertise can leverage you to reach the next level of business transformation.

WHAT WE BELIEVE– OUR MOTTO

“We work for Excellence”

We believe in work that makes a difference. Our motto defines us and our way of working. We want to give our best service to each and every client. We are confident of our products and the goal is to serve the quality product in market to eradicate the obstacles business' fails to overcome without any business solutions or using the low-quality solutions.

VISION

We are operating in Bangladesh since 2015. Our vision is to push our limits to break the barrier to best ourselves, acquire the best and latest technology to produce more and far better ahead of time products to serve our clients and be the best and respected IT company in the world.

OWNERSHIP

Xsellence Bangladesh Limited started as a private limited company registered in 2015. Consisting of two Board Members.

VALUES

Transparency and Integrity

Focus

Accountability

Excellence

OUR EXPERIENCE

We started operating as a private limited company in 2015. From the beginning and first client we were very passionate and serious about every client and their work. We served a great deal to our clients and successful in every aspect they are still our loyal customer. Over the years our resources, employees, and clients increased as a result of successful project delivery and maintenance, continuous talent nurturing and implementation of concurrent technologies to keep our clients ahead of time and competitions. We have achieved BASIS. We are contributing to economic development and employment to our country. Today we are an organization with balanced infrastructure and office environment to operate successfully. We are dealing with more clients as we are progressing. We are very respected because of our honesty, quality of work, support and services we provide to our clients. We have many ongoing projects shows the strong operating position of Xsellence Bangladesh limited. Our current key clients are- Robi Axiata Ltd. Bangladesh, Green cargo and many more.

OUR BUSINESS ETHICS

In this world of business modernization there are many provider and companies who serves their client with ERP software. But they hardly fulfill their customer's needs. Rather they give their clients very tough times.

Our ethics lead us to do good business. Our prime goal is to grow along with our clients. We do not believe in bad business. We want to operate honestly and want serve the market with a better quality of product. We want our customer and clients to be the most satisfied customers of all!!

OUR STRENGTH

Xsellence Bangladesh limited is a family of very hard working people. We work as a team and push the limits to achieve greater goals.

Some of our true strengths are listed below:-

1. Best Quality product
2. Latest Technology
3. Hard work
4. Honesty
5. Passioned Team Work
6. Best customer support

There are many things that drives us to work efficiently and provide the best customer satisfaction.

OUR HUMAN RESOURCE

Xsellence Bangladesh Limited has 19+ of talented and top skilled professionals with significant experience in the development, implementation, support and maintenance of Software solutions.

We hire our employees on the basis of experience, skill, result and honesty from the best schools. We have a great work environment, our salary package is attractive and there is more scope of learning. We train our employees in every aspect that needs to go with the work. Our human resource is capable of multitasking, handling pressure, effective communication and every other quality to ensure good quality of work. Our employee turnover is very low.

We Have abundant resources to work with. We use higher configuration Desktop, laptop, notepad and other hardwires needed. Our workstation is tech savvy and up to date.

We are very much interested to take challenge of serving any
other industries in the market as well.

METHODOLOGY

Failing deadline, not understanding the requirement, communication gap, unskilled workforce is the main points that makes every other organization unsuccessful. We work in a way that eradicates the problems and gives us the advantage to understand the clients need and deliver a sound product. To follow our vision, goal we work efficiently and effectively. We follow Agile software methodologies where every day we produce output instead of planning for long time without output.

To fulfil highly sensitive end users demand and rapid growth of Application Eco-System. Below key area to be considered:

- Understand & analyzing the customer need.
- Gathering requirements for the proposed business solution.
- World standard UI/UX for the app.
- Implementation (coding) of the application.
- Testing the application, Maintenance and bug fixing & finally publishing
- Ensures full data consistency and data integrity during the execution of the migration projects from production to non-production system.
- Post Live Support.

TECHNOLOGY WE USE

WHY XSELLENCE BANGLADESH LIMITED ?

BEST PRODUCT

We are very confident that we have one of the best ERP product in the world. The user friendly interface, all in one solution, automated accounting and everything is linked with one another. Our clients who already used other products in the past can tell the difference. Our client is way happier than others.

ACCURATE/FLAWLESS ACCOUNTING AND OPERATION

Our product gives you accurate accounting outcomes. Many other products in the market are cheap in price but they do not give expected results to business. As a result, it gets messier and very hard to maintain business documentations. Our product is flawless and we are continuously working on to make it better.

AFFORDABLE PRICE

We provide our services in a very affordable price range. The quality of product and impact of the product in your business is very profitable.

SKILL AND EXPERTISE

Our workforce is very dynamic, skilled, experienced and passionate. Any work is completed with great deal of sincerity, integrity and quality.

TECHNICAL ADVANTAGE

Our workstation is up to date and we have advanced level of hardware and software to deal with heavy load of work. We have extra resources to complete work from home also. We are continuously taking care of the resources we have and trying to keep up with the latest technologies.

TIME MANAGEMENT

Our team plans and works in a very effective way, which enables us to deliver the product before the stated time.

CUSTOMER SUPPORT

Our customer support team is very active and works hard for our client whenever necessary. They ensure that we do not miss clients query or any other question and always ready to solve client's problem anytime.

DEDICATED PROJECT TEAM

We create dedicated team for our clients. Each team member solely works on the projects for respective clients. The team is directly managed and supervised by our clients. We offer direct communications between our team members and client to ensure comfort and avoid miscommunication.

We are the trusted advisor who came into their inner circle and understand and find out what they care about deeply, Their business and their long time goal.
